Dear Hiring Manager,

I am excited to apply for the **PHP/Laravel Developer** role at your Company. With over **4 years of experience** in PHP, Laravel, and API integration, I have a strong track record of building scalable applications that improve efficiency and user experience.

In my current role as a **Senior Software Engineer at WebAppClouds**, I developed a **high-performance SMS marketing portal** that supports **60+ clients and over 2.5M+ users**. By implementing **Laravel queue jobs and chunked pagination**, I reduced message wait times by 50%. Additionally, I integrated **Shopify webhooks**, allowing seamless SMS automation for eCommerce clients.

Beyond this, I have worked on **CRM systems, payroll solutions, reservation platforms, and payment gateway integrations** (PayHere, PayPal, Square). I take pride in delivering clean, maintainable code while optimizing system performance.

I am highly motivated to bring my Laravel expertise to your company and contribute to its success. I would love the opportunity to discuss how my skills align with your team's needs. Please feel free to contact me at your earliest convenience.

Looking forward to hearing from you.

Thanks & Regards  
S.Saseenthiran
